Endowment Fund Information and Background

After reviewing the prior year's interest earnings on the invested endowment fund principal, the Endowment Committee has determined that there are sufficient earnings to provide limited grant funding for warranted projects.

UUCWC's Endowment Fund:

- was established over a decade ago (2001) through generous donations from UUCWC members
- is a restricted fund, completely separate from the annual operating budget of the church, with proceeds distributed only by the Endowment Committee
- receives funding strictly through donations and the investment earnings
- is our savings account for the future
- provides for long-term financial security, allowing our community and mission to continue to prosper
- supports unique projects at UUCWC through grants to committees, groups or members for items and projects that enrich our lives and support UU principles, but are beyond the scope of the annual operating budget.

In recent years, funds have been distributed to support special social action projects, install and enhance safety and security systems, enhance Religious Education programming, and study and implement energy efficiency projects. Endowment Grants have also been used to improve technology through cell phone reception enhancement, and a microphone earpiece for the minister & DRE.

Endowment Fund Grants

Each year, the UUCWC Endowment Committee seeks to distribute a portion of the endowment fund's income (as earnings on the invested principal for that year allow) to finance one or more projects that

- benefit UUCWC
- support UU principles
- would otherwise not be funded by the church's regular budgets.

The Committee reviews project proposals and submits its recommendation(s) to the UUCWC Board for approval.

Types of Projects to be Considered

Projects must begin during the 2017-2018 church year, with a target completion date of June 30, 2018. Examples of one-time projects that could be considered for funding include, but are not limited to, such activities as sending a committee member to a relevant training seminar, purchasing special equipment (not replacement), or hiring a speaker.

The funds are limited: we are projecting that we will be able to distribute a total of approximately \$4500 in grant funds this year, due to market performance and the return of unused Endowment Grant funding.

Grant Application Procedure

Applicants should complete and return the attached application **by Sunday, March 19th, noon** to the Endowment mailbox in the church office (or email it to: endowment@uucwc.org). Proposed projects must support the UUCWC Mission Statement and one or more UU Principles. Additional material may be submitted to support the application, such as a letter of support from a relevant committee. An informal presentation to the Endowment Committee by the applicant may be requested.

Who May Submit Proposals

Church committees, as well as individual members and friends of UUCWC, are invited to submit project proposals.

When Grants Are Announced

Announcement of all projects selected by the Endowment Committee for funding will be made at the church's annual meeting in May. In order facilitate coordination with the annual budget, should you wish to supplement the approved grant for example, the Endowment Committee will inform each application of the decision regarding funding by mid-April. The Committee requests that the information remain confidential within your committee, the Board of Trustees and Finance Committee.

Project leaders (or a designated project member) of projects that receive a grant will be instructed at a later date regarding submitting grant-related expenses for payment or reimbursement. All expenses must be submitted by June 30, 2018, after which unused funds will be forfeited and remain in the Endowment Fund.

Members of the Endowment Committee

Jim Erb, Chair; Kerry Brandt, Bill Cox, Barbara Drew, and Janet Hubbard.
